2014 Program Summary & 2015 Projections

7. Please list the total number of Clay County Senior enrollees you had during the time periods below and your projected enrollees for 2015:

January through December 2013: No grant for 2013

January – June 30, 2014: 14 attendees

Official approval and signing of the contract was dated 2/28/14. Due to the short period of time we have had to promote the program, we are confident our number of attendees will grow. Currently, MCC Maple Woods has the information listed on our website. Additionally, I am presenting information in regards to the \$30 per semester stipend to the monthly attendees at several upcoming Osher programs. The Osher programs are held on the MCC Maple Woods campus. We have only just begun to market the program effectively. Plans for 2014-15 are in the works.

Projected Enrollment for 2015: 30 students per month

Most importantly, our goal for the remainder of 2014-2015 is to allocate marketing dollars to promoting the program in specified Clay County zip zones.

8. Please report funding amounts as requested below and projected funding for 2015:

2014 Total Funding Amount: \$5,000

2014 Total Funds Used to Date: \$351.00

2015 Projected Funding Request: \$5,000
