ASSOCIATE IN APPLIED SCIENCE REQUIREMENTS - NEW PROGRAMS

6.20020 DR

All new programs leading to an Associate Degree in Applied Science will require completion of the following:

1. Completion of 62 or more credits but not to exceed 72 credits.
2. Completion of 18 or more credits in general education courses.
3. General education is defined as liberal arts courses numbered 100 or above which are academic in nature.
4. English 101 will be the entry level course for the English requirement.
